PROGRAM NOTE

Simple, poignant and beautiful, **A Mother's Hymn** is based on an old Swedish melody also known as *How Great Thou Art*. Arranger Robert W. Smith writes, "As I was growing up in the deep south of the United States, I was greatly impacted by my mother and grandmother and their love of hymns. This melody was my mother's favorite and I performed it regularly both at home and in the church. I cherish the memories of playing this beautiful hymn on trumpet accompanied by my grandmother on the organ or piano. I particularly enjoyed the interpretive freedom my grandmother gave me during the performance while she followed me with each nuanced phrase. I created this setting in honor of my mother Grazia W. Smith and mothers everywhere."

NOTES TO CONDUCTOR

I urge you to explore this setting through multiple interpretations with phrasing as the focus. I have used tempo alterations as well as metered stretched phrases to create musical moments that allow both conductor and musician expressive freedom.

I have scored multiple ensemble settings throughout this work. Please balance and blend each setting carefully to maximize the contrast and musical effect. Depending upon your specific instrumentation, please feel free to adjust the notated dynamic markings as needed. For example, the violas, cellos, and clarinets should be present in the moving line beginning at measure 21. Please adjust the notated mezzo piano as needed to ensure the appropriate balance.

The three-beat crescendo leading into measure 42 should be very prominent allowing for a true and artistic forte in the full orchestra statement. Please note the dynamic shaping that follows leading to the fortissimo release in measure 45.

The harmonic movement beginning in measure 53 should be carefully balanced vertically for a seamless sonority. In addition, please ensure uniform dynamic shaping as notated to preserve that balance and blend.

I hope you and the orchestra find **A Mother's Hymn** to be a rewarding musical experience. Please pass on my eternal gratitude to the strongest and most nurturing members of our global human family, our mothers!
