PROGRAM NOTE

The holiday elves are hard at work, but one *Bad Elf!* keeps interrupting the toy-making tasks at hand with some *Good King!* These two melodies weave throughout the orchestra, interjecting while featuring a variety of instrument groupings. Enjoy this festive and humorous take on the elves at work and play!

NOTES TO CONDUCTOR

This piece is designed to reinforce skills typically taught in the first year of instrumental instruction. As always, students should be encouraged to listen around the orchestra and strive for superior tone quality and balance at each of the different dynamic levels presented. Additionally, the piece provides opportunities to match note length with a focus on even sustained notes.

The accelerando at measure 39 provides energy and forward motion. It also allows the opportunity to teach awareness and tempo control in the ensemble setting. Lastly, please note the trill notated in the violin 1 part. The trill is optional at this grade level. However, I included it as an incentive for the musicians as well as a musical effect during the accelerando. The trill should be a whole step keeping it within the note sequence and range for your young players.

I hope you and your students enjoy *Bad Elf!*
